

ART-ventures for Kids & Mad Science

*Held at Green Meadow Elementary School
Presented by Hampden Parks and Recreation*

"Happiness...it lies in the joy of achievement, in the thrill of creative effort." —Franklin D. Roosevelt

ART-ventures with Pigasso and Mootisse for Grades K-5

Art explorers learn about real artists, their vision of the world and the materials and techniques they use or used. Think about famous artists like Picasso, Matisse, van Gogh, Modigliani, Winslow Homer and more. Included are fun and funky 3-D projects using unconventional and sometimes kooky artist's techniques and materials. During this art-packed week create vibrant tie-dyed t-shirts, decoupage animals, design leather wristbands and celestial stained glass, and experiment with emotion collage, mosaic art and so much more.

Mad Science Eureka! Invention for Grades K-5

Children overcome a series of challenges using basic materials, simple machines, tips from famous inventors, and most importantly, their minds. With a bit of ingenuity, they create catapults and forts, construct working light sticks, and assemble a set of circuits with batteries and light bulbs.
